Dear Chairman Boxer, Chairman Shuster, Senator Vitter and Representative Rahall,

The Water Resources Coalition (WRC) is pleased to write in strong support of the conference report for the Water Resources Reform and Development Act, and we urge timely consideration and passage of this important legislation.

Our nation relies on our ports and inland waterways system to move goods and support the economy. WRRDA will allow for the repair and maintenance work that the system desperately needs.

On behalf of the Water Resources Coalition, we thank you for your leadership in advancing this important piece of infrastructure legislation. Again, we urge timely passage of WRRDA when it comes to the floor.

Sincerely,

The Water Resources Coalition
