Washington, DC 20515

The Honorable Samuel Graves, Chairman
The Honorable Rick Larsen, Ranking Member

RE: Support for the BUILD America 250 Act

Dear Chairman Graves and Ranking Member Larsen,

On behalf of the Community Transportation Association of America (CTAA) and our thousands of members across the country who provide vital transit services in rural, small-urban, and tribal communities, I am writing to express our support for the Building Unrivaled Infrastructure and Long-term Development for America's 250th Act (BUILD America 250 Act).

The introduction of this surface transportation reauthorization bill is a critical step in ensuring the continued growth and efficiency of the nation's public transportation network. We appreciate the Committee's extensive outreach over the past eighteen months and your willingness to adopt several key recommendations submitted by CTAA and our members. These provisions will directly improve the ability of smaller transit agencies to serve their passengers safely and efficiently.

CTAA looks forward to working with Transportation and Infrastructure Committee leadership, staff, and members during the upcoming markup process to ensure this essential legislation moves forward and is enacted ahead of the IIJA expiration. Thank you for your visionary leadership and for your commitment to a bipartisan, five-year surface transportation bill that moves people safely across America.

Sincerely,

Scott Bogren
Executive Director
Community Transportation Association of America (CTAA)
