Dear Chairman Graves and Ranking Member Larsen,

TCA commends your bipartisan leadership in developing legislation that reflects the priorities of the transportation and trucking sectors while laying the groundwork for long-term infrastructure investment and supply chain resilience.

These provisions represent meaningful wins for trucking and demonstrate that lawmakers are listening to the needs of the industry that powers America's supply chain.

Advancing this bill to markup is meaningful progress toward a long-term reauthorization that enhances safety, promotes innovation, and targets investments where they are needed most.

TCA and its membership supports T&I's Surface Transportation Reauthorization Bill, and looks forward to working with Congress to deliver a final, bipartisan bill that meets the needs of America's transportation network today and for the future.

Sincerely,

Jim Mullen
TCA President
