The Honorable Sam Graves
Chairman
House Committee on Transportation and Infrastructure
2165 Rayburn House Office Building
Washington, DC 20515

The Honorable Rick Larsen
Ranking Member
House Committee on Transportation and Infrastructure
2165 Rayburn House Office Building
Washington, DC 20515

Dear Chairman Graves and Ranking Member Larsen:

On behalf of the Transportation Intermediaries Association (TIA), thank you for your leadership in developing the recently introduced bipartisan surface transportation reauthorization bill, the BUILD America 250 Act. This legislation will strengthen the nation's supply chain and enhance the safe, efficient movement of goods across the country.

TIA especially appreciates the inclusion of provisions that reflect priorities important to the third-party logistics industry, such as H.R. 880, the Household Goods Shipping Consumer Protection Act; the creation of a cargo theft advisory panel; and the requirement for broker certification. As the Committee continues to advance surface transportation reauthorization, these policies will strengthen enforcement and support a safer, more efficient freight network that better serves shippers, brokers, carriers, and consumers alike.

Thank you again for your partnership, your leadership on this important effort, and your commitment to the safety of our surface transportation network and security of our supply chain. TIA looks forward to working with you as the Committee moves toward markup and eventual passage.

Sincerely,

A handwritten signature in black ink that reads "Chris Burroughs".

Chris Burroughs
President and CEO
Transportation Intermediaries Association
