AMENDMENT TO THE AMENDMENT IN THE
NATURE OF A SUBSTITUTE TO H.R. 7776
OFFERED BY MR. HUFFMAN OF CALIFORNIA

At the end of title I, add the following:

SEC. ___. BUILDING RESILIENCE INTO CORPS PROJECTS.

The Secretary shall ensure that all water resources development projects are constructed, operated, and maintained to in a manner that improves the resilience of the water resources, communities, and wildlife of the United States, including by—

(1) developing and implementing strategies to infuse resilient solutions and best management practices into all Corps of Engineers activities, studies, projects, and project operations;

(2) facilitating and coordinating collaboration across Corps of Engineers mission areas, business lines, and districts to use existing programs, projects, operational activities, and study authorities to improve the resilience of the water resources, communities, and wildlife of the United States; and
(3) facilitating solutions that increase resilience and minimize harm to natural systems essential to minimizing flood and storm damages.
