Dear Chairman Boxer, Ranking Member Vitter, Chairman Shuster, Ranking Member Rahall:

On behalf of the City of Sacramento, we would like to express our appreciation for your hard work on HR 3080, the Water Resources Reform and Development Act (WRRDA) of 2014.

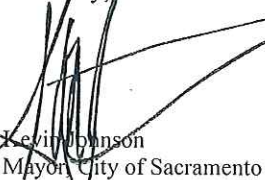

WRRDA will not only authorize the vitally important flood control project for our community in the Natomas basin, but it will also address critically important flood protection policies for our region and the nation.

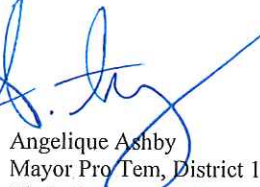

You have demonstrated outstanding leadership, courage and innovation in creatively addressing the issues needed to create this key piece of legislation in a bi-partisan manner.

We want to thank you and your staff for working tirelessly to address these key infrastructure needs, and for us, critical public safety improvements. We urge your continued support and prompt action of HR 3080.

Again, thank you for your outstanding service to our community of Natomas, our region in Sacramento and the Nation as a whole.

Sincerely,

Kevin Johnson

Dear Chairman Boxer, Ranking Member Vitter, Chairman Shuster, and Ranking Member Rahall:

As a co-founder and board member of one of Sacramento's most actively engaged neighborhood associations encompassing 1,774 homes, and having followed and advocated for progress of the Natomas Levee Improvement Project for years, I was pleased to learn of your collaborative and extensive work on HR 3080, the Water Resources Reform and Development Act (WRRDA) of 2014.

Over what has been years of painful partisan divisiveness, it is clear that your committee worked very hard to develop a balanced and comprehensive bill that addresses many critical infrastructure and public safety needs, bringing common sense to a process that has admittedly been lacking for decades.

WRRDA will not only authorize the vitally important flood control project for our community in the Natomas basin, but it will also address critically important flood protection policies for our region and the nation.
