The Honorable Rick Larsen, Ranking Member
Committee on Transportation and Infrastructure
2165 Rayburn House Office Building
Washington, D.C. 20515

Dear Chairman Graves and Ranking Member Larsen,

I am writing to applaud your leadership in working collaboratively and with your members to forge a bipartisan FAA reauthorization bill.

This legislation would provide long-term certainty for the U.S. aviation industry and the National Airspace System and benefits to the millions of travelers and shippers who rely on airlines to transport passengers and packages safely and efficiently every day. Passing a long-term reauthorization is critical to ensuring that the aviation sector as a whole – both government agencies and industry – has the right technology, the right people and the right resources to increase efficiency and capacity for the future while remaining the gold standard in aviation safety.

Thank you, and I look forward to continuing to work with you as this legislation advances.

Sincerely,

Nicholas E. Calio
