

Dear Senator,

I appreciate the leadership you have provided in respect to the Water Resources Reform & Development Act (H.R. 3080, WRRDA) as part of the Federal Transportation Bill; as it relates to the dredging project at our Port Everglades. Thank you for all you've done, and continue to do, in gathering bi-partisan support, which will allow our Port to continue competing in markets that affect our future global economy.

Respectfully,

John Allan

General Manager
