21                 (1) create a mandatory revolving fund to pay  
22                 the upfront cost of acquiring expensive facilities so  
23                 that the acquisition costs do not compete with small-

25                 under the discretionary spending limits; and

1           (2) require agencies to use discretionary appro-  
2           priations to replenish the revolving fund over several

16 cility for initial occupancy; and

17 (B) a one-time administrative fee, to be  
18 paid to the Administrator, of .03 percent of the  
19 total costs associated with subparagraph (A),  
20 with a combined total cost of at least  
21 \$250,000,000. The term excludes items ac-

19          receives a purchase transfer from the Fund to pay  
20          the full costs of a project.

21          (c) ESTABLISHMENT OF FEDERAL CAPITAL REVOLV-  
22          ING FUND.—There is hereby established in the Treasury  
23          a Federal Capital Revolving Fund to pay for the costs of  
24          projects approved pursuant to this section, subject to the  
25          following requirements:

1           (1) ADMINISTRATION OF FUND.—The Fund  
2 shall be subject to the supervision and management  
3 of the Administrator in accordance with this section.

4           (2) PERMISSIBLE USES.—Amounts in the Fund  
5 are available only for transfer to purchasing agencies  
6 to pay for the costs of approved projects.

7           (3) PRIOR APPROVAL OF PURCHASE TRANS-  
8 FERS.—Amounts in the Fund shall be transferred to  
9 a purchasing agency to pay for the costs of a project  
10 if—

11           (A) a purchase transfer to fund the project  
12 is approved in advance by an appropriations  
13 Act;

14           (B) the purchasing agency has received an

19 in statute or, in the case of the Administrator,

21 40, United States Code, as an approved project.

22           (4) PURCHASE TRANSFER LIMIT.—Notwith-  
23 standing the amount approved by an appropriations  
24 Act for a purchase transfer, if the amount available  
25 to the purchasing agency for the first repayment

1 amount is less than the amount required by sub-  
2 section (e)(3), the amount transferred from the  
3 Fund shall be equal to the product of the first re-  
4 payment amount and the number of years in the re-  
5 payment period.

6 (5) HIGHER PROJECT COST.—If a purchase  
7 transfer from the Fund is approved by an appropria-  
8 tions Act, but the approved amount is insufficient to  
9 pay the full costs of the project, then no amounts in  
10 excess of the approved amount may be transferred  
11 from the Fund to the purchasing agency for the dif-  
12 ference between the approved amount and the full  
13 costs of the project unless—

14 (A) such amounts in excess are approved  
15 in advance by an appropriations Act; and

16 (B) the purchasing agency has received an  
17 appropriation of an additional amount for the  
18 adjustment to the repayment amount, cal-  
19 culated pursuant to subsection (e)(3)(C) and  
20 has paid such additional amount to the Fund.

21 (6) ANNUAL LIMITATION ON TOTAL PURCHASE  
22 TRANSFERS.—Total new purchase transfers ap-  
23 proved in appropriations Acts may not exceed  
24 \$2,500,000,000 per year plus any cumulative unused  
25 limitation in prior fiscal years.

1           (7) EXCESS PURCHASE TRANSFER AMOUNTS.—

2           If for any year the sum of approved purchase trans-  
3           fers exceeds the amounts available in the Fund or  
4           the annual limitation specified in paragraph (6),  
5           each transfer amount approved by such appropria-  
6           tions Acts shall be reduced by a uniform percentage  
7           calculated by the Administrator such that the excess  
8           is eliminated, and the Administrator shall not trans-  
9           fer more than the reduced purchase transfer amount  
10          calculated for each project.

11          (8) PAYMENT OF ONE-TIME ADMINISTRATIVE  
12          FEE.—Upon receipt of the purchase transfer, the  
13          purchasing agency shall pay the Administrator from  
14          the purchase transfer the applicable one-time admin-  
15          istrative fee.

16          (d) FUNDING.—

17          (1) IN GENERAL.—The following amounts are  
18          authorized to be appropriated for deposit into the

23                  purchasing agency.

1           (2) AVAILABILITY OF FUNDS.—Amounts depos-  
2       ited into the Fund shall remain available until ex-  
3       pended.

4       (e) REPAYMENTS BY PURCHASING AGENCIES.—

5           (1) REQUIREMENT TO REPAY FUND.—Purchase  
6       transfers from the Fund to pay for the costs of an  
7       approved project shall not be made unless the pur-  
8       chasing agency enters into an agreement with the  
9       Administrator, in writing, to repay the Fund con-  
10      sistent with this section. An appropriation provided  
11      by Congress to a purchasing agency consistent with  
12      this section for repayment to the Fund for any year  
13      shall constitute a legal obligation of the purchasing  
14      agency in that year for repayment to the Fund equal  
15      to the repayment amount available for that year.

16          (2) REPAYMENT PERIOD.—To recapitalize the  
17      Fund, each purchasing agency shall, subject to ap-  
18      propriation, make annual repayments to the Fund  
19      for any approved project over a period agreed to by  
20      the purchasing agency and the Administrator, but  
21      not to exceed 15 years, beginning in the year that  
22      the project is approved by an appropriations Act and  
23      the first repayment is appropriated.

24          (3) REPAYMENT AMOUNT.—

1 (A) IN GENERAL.—The annual repayment  
2 amount to recapitalize the Fund shall be a level  
3 amount equal to the purchase transfer divided  
4 by the number of years in the repayment pe-  
5 riod.

6 (B) TIMING OF REPAYMENTS.—Each re-  
7 payment amount shall be paid to the Fund in  
8 the year for which it is appropriated.

9 (C) ADJUSTMENTS TO REPAYMENT  
10 AMOUNTS.—After the first repayment amount  
11 for a project is paid to the Fund, the Adminis-  
12 trator shall adjust each remaining repayment  
13 amount by a uniform amount so that the sum  
14 of the repayment amounts, including repayment  
15 amounts already paid to the Fund, equals the  
16 actual cost of the project, in any case in  
17 which—

18 (i) the actual cost is less than the  
19 purchase transfer from the Fund;

20 (ii) the actual cost is higher than the  
21 purchase transfer and an additional pur-  
22 chase transfer for the difference has been  
23 approved in advance in an appropriations  
24 Act;

1 (iii) repayments by the purchasing  
2 agency exceed the annual repayment  
3 amount; or

4 (iv) the purchase transfer amount is  
5 reduced under subsection (c)(7).

6 (4) DISPOSITION OF PROJECT.—The following  
7 requirements apply to the disposition of any project  
8 that is funded by a purchase transfer:

9 (A) APPLICABLE AUTHORITIES.—Disposi-  
10 tion of the project shall be accomplished in ac-  
11 cordance with any applicable authorities.

12 (B) SPECIAL RULE FOR DISPOSITION.—If  
13 the disposition of the project occurs before the  
14 purchasing agency has completely repaid the  
15 Fund, the purchasing agency shall, subject to  
16 appropriation, continue to make repayments  
17 until the Fund is fully repaid.

18 (C) SALE PROCEEDS.—If the disposition of  
19 the project results in the receipt of sale pro-  
20 ceeds, such receipts shall be available—

21 (i) first, to the purchasing agency to  
22 pay any remaining unpaid repayment  
23 amounts owed by the purchasing agency  
24 for the project; and

1 (ii) second, to the purchasing agency,  
2 or to the General Services Administration  
3 in the case of a project held in the General  
4 Services Administration inventory, to sup-  
5 port authorized real property activities ex-  
6 cluding operations and maintenance.

7 Such receipts shall be available until expended,  
8 without further appropriation, and may be de-  
9 posited in any account of the applicable agency  
10 that is available for the purposes described in  
11 clauses (i) and (ii).

12 (5) CHANGE IN NEED FOR OR CONDITION OF  
13 ASSET.—Any change in the purchasing agency's  
14 mission need for the project or in the condition of  
15 the project does not alter the repayment require-  
16 ments in this subsection.

17 (f) TRANSFERS BETWEEN FUND AND PURCHASING  
18 AGENCIES.—

19 (1) EXPENDITURE TRANSFERS.—All purchase  
20 transfers to purchasing agencies, payments of the  
21 one-time administrative fee, and transfers of repay-  
22 ment amounts to the Fund shall be expenditure  
23 transfers and shall be recorded as such.

24 (2) AVAILABILITY AND PURPOSE.—Subject to  
25 paragraph (3), purchase transfers to purchasing

1 agencies shall remain available until expended solely  
2 to pay for the costs of approved projects and may  
3 not be transferred or reprogrammed for any other  
4 purpose.

5 (3) RETURN OF UNUSED PURCHASE TRANSFER  
6 AMOUNTS.—Any portion of a purchase transfer that  
7 is not necessary to pay for the total cost of a project  
8 shall be returned to the Fund as follows:

9 (A) Unobligated purchase transfer  
10 amounts shall be returned to the Fund only  
11 after the Federal facility is substantially com-  
12 plete and within the 2-year period after the  
13 date on which the most recent outlay of pur-  
14 chase transfer funds by the agency occurred.

15 (B) If, after the return of the unused pur-  
16 chase transfer amounts pursuant to subpara-  
17 graph (A) occurs, there is an upward adjust-  
18 ment to a previously incurred project obligation,  
19 the Fund shall provide an expenditure transfer  
20 for such upward adjustment to the appropriate  
21 agency account of the lower of the amount re-  
22 turned pursuant to subparagraph (A) and the  
23 amount of the upward adjustment to the pre-  
24 viously incurred obligation.

1 (g) BUDGET ENFORCEMENT.—The following rules  
2 shall apply to budget enforcement under the Congressional  
3 Budget Act of 1974, the Balanced Budget and Emergency  
4 Deficit Control Act of 1985, and the Statutory Pay-As-  
5 You-Go Act of 2010.

6 (1) DIRECT SPENDING.—Provisions of appro-  
7 priations Acts approving purchase transfers from the  
8 Fund to purchasing agencies and collections by the  
9 Fund of repayments from purchasing agencies, shall  
10 be considered direct spending and shall not be in-  
11 cluded in the estimates under section 251(a)(7) of  
12 the Balanced Budget and Emergency Deficit Control  
13 Act of 1985 or considered budgetary effects for the  
14 purposes of section 3(4) of the Statutory Pay-As-  
15 You-Go Act of 2010.

16 (2) DISCRETIONARY APPROPRIATIONS.—Appro-  
17 priations to purchasing agencies for annual repay-  
18 ments to the Fund shall be considered discretionary  
19 appropriations and shall be scored in the year for  
20 which such appropriations are made available by an  
21 appropriations Act.

22 (3) CHANGES TO FUND BALANCE.—Any provi-  
23 sion enacted in an appropriations Act that—

24 (A) rescinds or precludes from obligation  
25 balances in the Fund;

1 (B) rescinds or precludes from obligation  
2 balances of approved purchase transfers; or

3 (C) reduces the annual limitation on total  
4 purchase transfers in subsection (c)(6),  
5 shall be considered budgetary effects for purposes of  
6 the Statutory Pay-As-You-Go Act of 2010 and shall  
7 not be included in the estimates under section  
8 251(a)(7) of the Balanced Budget and Emergency  
9 Deficit Control Act of 1985.

10 (4) FAILURE TO APPROPRIATE REPAYMENTS.—

11 If a bill making appropriations for a fiscal year pro-  
12 vides a first repayment amount for an approved  
13 project and such appropriations bill for a subsequent  
14 fiscal year during the repayment period fails to pro-  
15 vide the repayment amount required for that fiscal  
16 year, an amount equal to the required repayment,  
17 calculated pursuant to subsection (e)(3), shall never-  
18 theless be included in the estimates under section  
19 251(a)(7) of the Balanced Budget and Emergency  
20 Deficit Control Act of 1985.

21 (5) TRANSFERS AND REPROGRAMMING.—If,  
22 notwithstanding subsection (f)(2), a provision in an  
23 appropriations Act authorizes or requires—

1 (A) a transfer of balances in the Fund for  
2 any purpose other than to cover the costs of  
3 projects approved pursuant to this section; or

4 (B) a purchasing agency to transfer or re-  
5 program a purchase transfer for a purpose  
6 other than paying the costs of projects ap-  
7 proved pursuant to this section,

8 such amount shall be included in the estimates of  
9 discretionary appropriations under section 251(a)(7)  
10 of the Balanced Budget and Emergency Deficit Con-  
11 trol Act of 1985.

12 (h) REQUIREMENTS FOR PROJECTS TO BE HELD IN  
13 THE GSA INVENTORY.—In addition to any other existing  
14 requirements in law, the requirements in this subsection  
15 shall apply only to any purchase transfer to a purchasing  
16 agency that acquires real property space and services  
17 through the General Services Administration. This section  
18 neither provides new real property landholding or  
19 landmanaging authority to such purchasing agency nor  
20 otherwise affects any agency's existing real property land-  
21 holding or landmanaging authority.

22 (i) APPROVED PROJECTS.—If an appropriations Act  
23 approves a purchase transfer to a purchasing agency other  
24 than the General Services Administration for the costs of  
25 a project to be held in the inventory of the General Serv-

1 ices Administration, the following requirements shall  
2 apply:

3 (1) PURCHASE TRANSFER AMOUNT.—The pur-  
4 chasing agency shall immediately pay the purchase  
5 transfer amount, excluding any amount included for  
6 furniture, fixtures, and equipment, to the Adminis-  
7 trator for deposit into the Federal Buildings Fund.

8 (2) LIMITATION.—The Administrator shall use  
9 such purchase transfer only to pay the costs of the  
10 approved project and the Administrator shall not  
11 charge a fee beyond the one-time administrative fee  
12 for the execution of the project.

13 (3) CUSTODY AND CONTROL.—The project shall  
14 be under the custody and control of the Adminis-  
15 trator.

16 (4) ANNUAL REPAYMENTS.—The purchasing  
17 agency shall continue to be responsible for making  
18 annual repayments to the Fund in accordance with
